## EDUCATION

| Degree/Certificate | Institute/Board                       | CGPA/Percentage | Year         |
|--------------------|---------------------------------------|-----------------|--------------|
| B.Tech. SSE        | Indian Institute of Technology Indore | 8.58 (Current)  | 2023-Present |
| Senior Secondary   | CBSE Board                            | 93.2%           | 2022         |
| Secondary          | CBSE Board                            | 86.2%           | 2020         |

## EXPERIENCE

- PRIUS Fellowship** *Office Memorandum*
  - Worked under PRUIS program to classify galaxies as passive or star-forming using COSMOS survey data.
  - Used **EAZY-py** for photometric redshift estimation via template fitting and generated UVJ diagrams.
  - Performed preprocessing, parameter tuning, and output analysis for redshift and galaxy-type classification.
- ISRO-NRSC Challenge** *Output, Certificate*
  - Participated in ISRO-NRSC national challenge for cloud and shadow detection using TOA reflectance data.
  - Performed preprocessing (reflectance conversion, masking) and applied UNet-based ML segmentation.
  - Developed and optimized training pipelines for accurate detection and evaluation.

## PROJECTS

- Airbnb Replica** *Website, GitHub*
  - Built a full-featured, full-stack rental platform using Node.js, Express.js, MongoDB, and EJS.
  - Implemented user authentication and authorization, property listings, bookings, and a review system.
  - Applied MVC architecture for RESTful APIs, enabling CRUD with full server/client-side validations.
  - Deployed on Render with MongoDB Atlas cloud integration; used Git/GitHub for version control.
- Gaming Club Website (IIT Indore)** *Website, GitHub*
  - Led the development of the Gaming Club website using React.js, Node.js, Express.js, HTML, CSS, and JavaScript.
  - Deployed and maintained the website using Git and Vercel, ensuring consistent uptime and performance.
  - Collaborated with the club team to implement dynamic content updates and user-friendly interface improvements.
- Astronomy Club Website (IIT Indore)** *Website, GitHub*
  - Built and deployed the official Astronomy Club website using React.js, Node.js, and hosted it on Vercel.
  - Developed responsive UI components and ensured cross-device compatibility for smooth user experience.
  - Collaborated with team members to regularly update content and integrate new sections as per event needs.
- Academic Portal** *GitHub*
  - Built a full-stack academic portal using Node.js, MongoDB, and EJS, enabling faculty and student login/signup.
  - Student portal displays timetable, quizzes, grades, classes, and homework in an organized dashboard.
  - Faculty portal enables uploading of study materials, quizzes, homework, and resources with real-time updates.

## TECHNICAL SKILLS

- Programming:** Python, C/C++, \*DSA
  - Web Dev:** HTML, CSS, Javascript, ReactJS, NodeJS, Express, EJS, Bootstrap, Tailwind CSS
  - Databases:** MongoDB, SQL
  - Tools:** Git/GitHub, Terminal
- \* Elementary proficiency

## KEY COURSES TAKEN

- Mathematics:** Linear Algebra, Differential Equations, Complex Analysis, Numerical Methods and Calculus
- Core:** Digital Electronics, Analog Electronics, Electronics Lab
- CS:** Scientific Computing (python), Computer Programming

## CERTIFICATIONS

- Web Development (Delta Batch) – Apna College** *Certificate*
  - Completed structured full-stack development course: HTML, CSS, JavaScript, Bootstrap, Git/GitHub, Node.js, Express.js, EJS, SQL, MongoDB, React.js, Tailwind CSS, and Redux.
  - Developed full-stack project utilizing RESTful APIs, CRUD operations, and modern web technologies.

## POSITIONS OF RESPONSIBILITY

- Head of Web Development,** Astronomy Club, IIT Indore *Jul. 2023 - Jul. 2025*
- Head of Technicals,** Gaming Club, IIT Indore *Dec. 2024 - Apr. 2025*
